Types of Aid Available

This school can accept federal financial aid in the form of Pell grant and federal direct subsidized and federal direct unsubsidized loans and state financial aid from the Arkansas Rehabilitation Services. We are also approved to accept Veteran's Administration (VA) Education & Training Benefits.

Pell grant is a type of federal financial aid usually available only to undergraduate students who have not received a bachelor's degree. This type of aid does not have to be repaid, except under certain circumstances. The amount of aid is dependent on student need, school cost of attendance and more as determined by the FAFSA.

Federal Direct Subsidized Loans are available to undergraduate students who demonstrate financial aid as determined by the FAFSA. Students must repay student loans.

Federal Direct Unsubsidized Loans are available to undergraduate and graduate students regardless of financial need. Interest accrues during the time that the student is enrolled in school and this type of debt must be repaid.

Arkansas Rehabilitation Services (ARS) offers Vocational Rehabilitation (VR) funding to students who are eligible based on their criteria for evaluating a student's disability. Further information on receiving this type of aid and applying can be found at www.dws.arkansas.gov/ar-rehabilitation-services/field-services/vr-adult or by calling the Garland County field office at (501) 623-4479.

Veteran's Administration (VA) Education & Training Benefits is aid available to veteran's, service members and qualified family members. Information about eligibility and applying for VA aid can be found at www.va.gov/education.

Entrance Counseling

Students receiving direct subsidized and/or direct unsubsidized loans for the first time are required to complete loan entrance counseling at www.studentaid.gov/entrance-counseling prior to receiving their first loan disbursement. Entrance counseling ensures you understand the terms and conditions of your loan and your rights and responsibilities. You'll learn what a loan is, how interest works, your options for repayment, and how to avoid delinquency and default.

Exit Counseling

Exit counseling is a required component of receiving federal student loans. Upon leaving school, whether drop, withdrawal or graduating, students must complete loan exit counseling at www.StudentAid.gov/exit-counseling to ensure that they understand student loan obligations and that they are prepared for prepayment.

Financial Aid Disbursements

Information on receiving federal aid disbursements can be found at <https://studentaid.gov/complete-aid-process/receive-aid>. ARS disbursements are made by ARS to the school on a monthly basis based on the student's actual hours attended the month prior. VA funding disbursements will depend on the VA program for which the student qualifies.

A credit balance obtained by Title IV federal aid will be given to the student via check in person within 10 days of the credit.

Cosmetology students are allowed to miss up to 5 scheduled Fridays. Esthetics, Manicuring & Instructor students are allowed up to 2 missed Fridays.

Students who miss more than the allowed Friday absences will be charged \$25 per missed Friday.

Students enrolled in the Cosmetology program are allowed a maximum of five (5) missed Fridays. Students in Esthetics, Manicuring or Instructor Program are allowed a maximum of two (2) missed Fridays.

After a student has reached the maximum days, the student will be charged \$25 for each additional scheduled Friday that is missed.

If a student is anticipating being absent for a Friday and the student believes that they have an extenuating circumstance for missing, the student can submit **in writing** their petition to the school explaining the reason for their absence and why it should be excused. This is to be done prior to the student's Friday absence.

The student should submit this petition for any Friday that is missed. The school will not go back and excuse prior absences after the student has reached limit.

Partial days and early clock outs will be counted as absences under this policy. If you leave early (prior to 3:00 on a Friday), you will be considered absent under this policy.

If a student misses a scheduled Friday that was not anticipated and the student feels as though there were last-minute extenuating circumstances, the student will still be required to pay the \$25 fee upon their return to school, before clocking in.

The student may submit, in writing, to the School Director, the reason for their absence. It is at the discretion of the School Director to excuse the absence and/or refund the \$25 fee.

Missed Fridays will be prorated for transfer students based on the amount of transfer hours. It is calculated at 10% of the Fridays scheduled.

You can submit your petition either in person or via email to: Andrea@HotSpringsBeautyCollege.com. Satisfactory Academic Progress Policy (SAP)

This policy is made available to applicants prior to enrolling. It is required of all students attending Hot Springs Beauty College to maintain specified grade levels, as well as proceed through the course at a pace leading to completion in the specified time frame. For the purpose of determining satisfactory progress, the course is broken down into segments. A segment is defined as the time beginning at enrollment to the first satisfactory progress evaluation and then from each evaluation to the next evaluation, therefore until graduation. Students must meet BOTH the attendance and academic requirements of at least one evaluation by the midpoint of the course to be considered making satisfactory progress as of the midpoint of the course.

Course withdrawals, incompleteness, repetitions and non-credit remedial courses have no effect on a student's satisfactory academic progress status since this School does not offer these courses.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	Esthetics	Manicuring	Instructor
450, 900 and 1200 actual clock hours.	300 actual clock hours.	300 actual clock hours.	300 actual clock hours.
Transfer students			
are evaluated at the midpoint of the contracted hours or the established evaluation periods, whichever comes first. Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted.			

Satisfactory Academic Progress Policy (SAP) Continued

GRADE REQUIREMENTS

Students receive numeric grades in their theory and practical work as well as clinic work. Although all work is evaluated on a regular basis, a student's academic and clinical work will be evaluated at each segment. In order to be achieving satisfactory progress, a student must maintain a cumulative combined average of 70% or above in each segment.

The grading policy is as follows:

- A.....90% to 100%
- B.....80% to 89%
- C.....70% to 79%
- D.....69% and below

MAXIMUM TIME FRAME

A student must complete the program in a period of time not to exceed 1.5 times the length of the course. Therefore, at the conclusion of each segment, it will be determined whether the student's current attendance rate equals at least 67% of the hours in that segment for which he/she was contracted. Periods during which the student has formally requested and received a leave of absence will not be considered in that figure. A leave of absence will extend the student's contract period & maximum time frame by the same number of days in the leave of absence.

Students in the Cosmetology (full time, 30 hours per week, 1500 total clock-hours, 900-clock hour academic year) program will have a maximum time frame of seventeen (17) months of which to complete certification. Evaluations for Cosmetology students will be monitored according to the established periods. A student must complete the minimum number of clock hours indicated with a 70% average in theory, practical and clinical performances.

Weeks	Months	Hours
22	5.5	450
42	10	900
57	13.25	1200
72	17	1500

Students are provided a written document at the time of evaluation

Students enrolled in the Manicuring, Esthetics & Instructor Courses (full time, 30 hours per week, 600 total -clock hours and 600-hour academic year) will have a maximum time frame of seven (7) months in which to complete certification. Evaluation will be monitored according to established evaluation schedules. The student must complete the minimum number of clock hours indicated per period with an average of at least 70% in theory, practical and clinical performance.

Weeks	Months	Hours
8	2	168
14	3.5	300
28	7	600

Students are provided a written document at the time of evaluation

Students in all programs who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

Satisfactory Academic Progress Policy (SAP) Continued

STATUS DETERMINATION

The school will specify the conditions under which each student is determined:

SATISFACTORY PROGRESS. Students who meet the minimum requirements of 67% average for attendance and 70% average for academic, and clinical grades shall be considered making satisfactory progress until the next scheduled evaluation. Only students who maintain satisfactory progress are eligible to receive Title IV assistance.

WARNING. Students who do not meet the above academic, clinical, and/or attendance requirements at the end of the segment will be placed on warning until the next segment. During this period, the student will be considered to be making satisfactory progress and financial aid will be disbursed. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If the student meets the academic, clinical, averages at the end of the warning segment, they'll be removed from the warning until the next satisfactory progress evaluation.

PROBATION. Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

APPEAL PROCEDURE. A student may appeal the evaluation of satisfactory progress and the termination of financial aid, based on extenuating circumstances such as the death of a relative, a serious injury or illness to the student or other allowable special circumstances. To do so, the student must request an appeal form from the office and submit it with information regarding why the student failed to make satisfactory academic progress and what has changed in the student's situation that will allow the achievement of satisfactory academic progress at the next evaluation within five (5) days of receiving the notice of unsatisfactory progress. When completed and submitted, the form must be accompanied by documentation which verifies the extenuating circumstance. The appeal will be reviewed and a determination by the staff will be made within seven (7) days and written documentation recorded in the student's file. If, as a result of a determination by the staff, the student is found to be making satisfactory progress and probation is lifted, financial aid disbursements will resume if previously suspended and the student will be placed on thirty (30) day appeal probation. Failure to achieve at least 67% attendance average and 70% academic and clinical averages during the appeal probation period will result in termination of financial aid and may result in dismissal from the course.

REINSTATEMENT. In the event that a student who has been dismissed wishes to re-enter the School, the reason for dismissal will be reviewed. The student will be reevaluated and reinstated under a new contractual agreement and the student will re-enter in the same progress status as when they left. The student must complete an evaluation period reflecting at least a 67% attendance and 70% academic average before any financial aid funds will be disbursed. This reinstatement procedure applies to dismissals caused by lack of satisfactory progress at the time of a temporary interruption. This policy will only be granted once.

A student who does not achieve the minimum standards is no longer eligible for Title IV funds, if applicable, unless the student is on warning or has prevailed upon appeal of the determination that has resulted in the status of probation.

Standards of Progress for VA Students

Evaluation of progress of VA students will be conducted by the school's evaluation policy schedule. Students with a minimum of 70% academic average and 67% attendance will be considered making satisfactory progress until the next scheduled evaluation.

For a student to be considered making satisfactory progress the student must meet both attendance and academic minimum requirements. Students receiving VA benefits who fail to meet minimum progress and attendance requirements will be placed on **probation** for 30 days. At the end of the probationary period, the student's progress (academic and attendance) will be re-evaluated. If the student is meeting minimum requirements, the student will be determined to be making satisfactory progress and will be considered off Probation.

Suspension/Withdrawn/Termination (VA)

If the student fails to meet minimum requirements in either academics or attendance, the school's certifying official submitting a 22-1999b effective on the last day of probation.

Reinstatement of VA Student's Educational Benefits

Once VA student's educational benefits has been suspended and after 30 days and the students is meeting the minimum standards of progress, the school's certifying official by submitting a 22-1999.

The school may terminate you from school attendance, but you must meet the minimum standards discussed above in order to receive payment for your VA benefits.

Progress Records in Accordance with 38 CFR § 21.4253 (d)(4) (VA)

Adequate records are kept by the School to show the progress of each veteran or eligible person. The records are sufficient to show continued pursuit at the rate for which enrolled and the progress being made. They include final grade in each subject for each term, quarter, or semester; record of withdrawal from any subject to include the last date of attendance for a resident course; and record of reenrollment in subjects from which there was a withdrawal; and may include such records as attendance for resident courses, periodic grades and examination results.

The school maintains a written record of previous education and training of the veteran or eligible person which clearly indicates that appropriate credit has been given by the School for previous education and training, with the training period shortened proportionately. The record is cumulative in that the results of each enrollment period (term, quarter or semester) are included so that it shows each subject undertaken and the final result, i.e., passed, failed, incomplete or withdrawn.

The School has a standard of attendance, it maintains records of attendance for veterans and eligible persons enrolled in resident courses.

Drug & Alcohol Policy

Drugs and Alcohol are not permitted on the premises, in the building or parking lot or at any Hot Springs Beauty College function. Students found or suspected to be under the influence of drugs/alcohol will not be allowed to remain in school or at the school function that day and may be subject to dismissal.

The drug policy is reviewed in detail with all students during orientation. THERE WILL BE NO TOLERANCE. Personal belongings (on the premises) such as lockers, purses, backpacks, etc., and vehicles are subject to random search by staff and/or Hot Springs Police Department and their K-9 unit.

Any attempt to sell or distribute drugs at the school will bring immediate dismissal and possible prosecution by the authorities.

It is the policy of this school to allow NO use of any illicit drugs at the school. If any student shows outward signs of use of any drug at the school, the student will be suspended for the day & encouraged to take a voluntary drug test. If the drug test comes back positive, they will be referred to a treatment at QUAPAW HOUSE, INC. located at 115 Market St. in Hot Springs, 501-624-1360, for evaluation for possible addiction. The referral will remain confidential. In cases where the student or employee will not cooperate in taking steps to intervene in harmful involvement with drugs that student's position in the school may be in jeopardy. Continued use will bring dismissal &/or loss of any federal funds that the student may have been receiving.

Student Health Policy on Drug Abuse

Hot Springs Beauty College recognizes that drug addiction is an illness often preceded by misuse or abuse of drugs. Because the school wishes to intervene in the disease process, a drug prevention program is designed to inform the student about the misuse of drugs and the consequences of using drugs at school.

Drugs defined by the school will include alcohol, prescription drug abuse as well as any other mood-altering substances

Tobacco Use on Campus

The Arkansas Clean Air on Campus Act of 2009 prohibits smoking and the use of tobacco products (including cigarettes, cigars, pipes, smokeless tobacco, and other tobacco products), as well as the use of electronic cigarettes, by students, faculty, staff, contractors, and visitors, on all property owned or operated by the School. Littering campus with remains of tobacco or smoking-related products is prohibited.

Prescription Medications

It is illegal to take a prescription that not prescribed. This will not be tolerated by the school and disciplinary action will be taken. Any issues that arise regarding these rules and regulations will go directly to the floor supervisor and/or school director.

Marijuana/Cannabis on Campus

Students who attend a college or university in the United States that receives federal funds and/or students receiving federal financial aid are barred from using cannabis.

Marijuana is a schedule 1 drug and remains illegal on the federal level. This School receives federal funds to support the work the school is doing. This includes federal financial aid that students receive to help cover the cost of school. Because this School accepts federal funds, we must remain compliant with the Drug-Free Schools and Communities Act, which means that use and/or possession of cannabis, in any form, or possession of any paraphernalia, will not be tolerated on campus.

Students in possession of cannabis on campus (this includes the inside facility as well as all parking lots) will be immediately terminated.

Student Concerns & Grievance Policy

Students are encouraged at all times to communicate their concerns to members of the Administration & Faculty. Suggestions, concerns and complaints should be registered privately, never with fellow students or clients. If a situation arises in which a student has a complaint or grievance regarding grades, instruction or other topics related to their course of study, the following procedure should be followed:

1. Make an appointment to discuss the matter with your Instructor. If not resolved;
2. Make an appointment to discuss the matter informally with the School Director. If not resolved;
3. Request and complete a Student Complaint Form and submit it to the School Director. The School Director will verify that the student has made an attempt to resolve the concern informally and will call a meeting with all individuals whose participation is warranted by the circumstances of the particular concern to seek to resolve the concern. The minutes of the meeting and any agreed upon resolution will be documented in the Student Complaint Form and communicated to the student. If not resolved;
4. The student may submit a complaint to the Arkansas Department of Health- Cosmetology Section and/or NACCAS only after the student has exhausted the institution's internal complaint process.

The NACCAS complaint form can be found at : www.naccas.org/complaints

Arkansas Dept of Health- Cosmetology section receives complaints at: healthy.arkansas.gov/programs-services/topics/cosmetology-massage-therapy-complaint-form.

Annual Campus Crime Report

Reports are submitted annually, via a web-based data collection, by all postsecondary institutions that receive Title IV funding (i.e., those that participate in federal student aid programs). This data collection is required by the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* and the *Higher Education Opportunity Act* <http://ope.ed.gov/security/>.

Student Conduct in Reporting a Crime

Time is a critical factor for evidence collection and preservation for the proof of a criminal offense. An assault should be reported directly to local police and/or campus Security Authorities (Director). Upon request, campus Security Authorities will assist victims in reporting incidents of sexual assault to local police. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. The School seeks to handle each complaint and investigation with professionalism and discretion. A fair and effective investigation often requires that the details of the complaint and/or the identity of the complainant be shared with those individuals involved in and/or interviewed in the investigation. Such individuals will, however, be expected to maintain the confidentiality of the matter to the extent possible.

You can obtain information about rape awareness and prevention, victim support, counseling and mental health from the Rape, Abuse, and Incest National Network at 1-800-656-4673 or their website at www.rainn.org. The school does not offer on-campus counseling services.

In the event that a student has been apprehended for the violation of a law in the community, state or nation, the School will not request nor agree to special consideration for that individual because of his or her status of a student. The school will cooperate fully with the law enforcement and other agencies in the enforcement of the law.

Misconduct Prevention & Response

If a final determination is made that any student is found to be abusing alcohol, using, possessing, manufacturing or distributing controlled substances in violation of the law on School property or at any School events, they shall be subject to, at a minimum, the referral to counseling and automatic and immediate suspension or dismissal from the School. School imposed sanctions are in addition to any legal actions taken by local, state or federal authorities.

This school is committed to complying with all laws that prohibit discrimination on the basis of sex in admission to, employment with, and otherwise in the operation of its educational programs and activities. Among the applicable laws, Title IX of the Education Amendments of 1972 prohibits sex discrimination and sexual harassment in schools. In compliance with Title IX, this School is committed to ensuring that all its students have equal opportunity to benefit from our program and activities and that all its employees enjoy equal employment opportunity, free from sex discrimination and sexual harassment. The protections of Title IX also extend to third parties. This school has developed a Title IX policy and the associated processes at <http://hotspringsbeautycollege.com/wp-content/uploads/Title-IX-Policy-2021.pdf> to ensure that all complaints of sex discrimination and sexual harassment—whether brought by students, employees, or their parties—are promptly investigated and, where a violation is found, that the School takes action to end the conduct, prevent its reoccurrence and address its effects.

Sexual harassment is unwelcomed advances, requests for sexual favors, and other verbal or physical conducts of a sexual nature, when submission to or rejection of this conduct explicitly or implicitly affects a person's employment or education, unreasonably inferred with a person's work or educational performance, or creates intimidating, hostile or offensive working or learning environment.

Individuals who believe they are victims of sexual harassment should make it clear that such behavior is offensive to them. If the behavior continues, document the matter and refer it to the Campus Security Authorities (Director).

Responsible employees must promptly report sexual harassment that they observe or learn about.

Students who are found to be participating in any form of sexual harassment will be subject to disciplinary action, including but not limited to suspension or dismissal from school.

Any student, employee or other person who believes that he or she has been subjected to any form of sex discrimination, sexual harassment, or sexual assault in violation of this policy should make a complaint. The School takes all such complaints seriously.

The School strongly encourages any person who wishes to make a complaint under this policy to bring that complaint directly to the Schools Title IX coordinator. However, a student may also bring such complaints to any staff member whom he or she is comfortable. Likewise, an employee may bring any such complaint to any staff member. In each case, the complainant should understand that the complaint will be forwarded to the Title IX Coordinator.

If you believe that you have been sexually assaulted, your first priority should be to get to a place of safety. The School strongly advocates that a victim of sexual assault report the incident in a timely manner.

- C. Time lost due to death in student's family.

A student will not be granted a leave of absence if the leave of absence, together with any additional leaves of absence previously granted, exceed a total of 180 calendar days in any 12-month period.

A student must request the leave of absence in writing and proper documentation must be provided to the School Director by the student prior to a leave of absence being granted. The documentation should clearly state the student's reason for requesting the leave of absence and the student's signature. The School holds a standard form for this purpose and will make available to the student upon request.

Should the student be unable to request the leave of absence before beginning the leave due to unforeseen circumstances, the School will document the reason for this unforeseen circumstance and will obtain proper documentation from the student as soon as it is possible. The student's begin date for the leave of absence in this circumstance will be the first date that the student was unable to attend.

The above extensions will be made at no charge to the student. The student's contract will be extended by the number of days taken during the leave of absence. An addendum to the student's enrollment contract will be signed by the School and the student and recorded in the student's file. A student granted a leave of absence in accordance with the School's policy is not considered to have withdrawn and no refund calculation is required. Should the student fail to return, the termination date would be the last day of the student's attendance. Students who take a leave of absence not approved by the School will be withdrawn.

Amended Leave of Absence Policy in Response to COVID-19

Proof of possible exposure necessitating a quarantine must be official notice from a daycare, school or other party explaining the circumstance.

This policy was adopted on June 25, 2020 and will expire upon the COVID-19 pandemic becoming a non-threat.

Refund Policy

This refund policy applies to all terminations for any reason, by either party, including student decision, course or program cancellation, school closure or student termination by the school. An applicant not accepted for training by the School is entitled to a refund of all monies paid. If a student (or in the case of a student under legal age, his/her parent or legal guardian) cancels his/her contract in writing within three business days and requests his/her money collected by the School, all monies collected will be refunded. If a student (or in the case of a student under legal age, his/her parent or legal guardian) cancels his/her contract in writing after three business days but prior to entering classes and requests his/her money collected by the School, all monies collected will be refunded. The cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the School Director in person. This policy applies regardless whether or not the student has actually begun training.

Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 30-days.

The School charges by payment period.

Refunds are calculated based on the student's **scheduled** hours. A student on an approved leave of absence notifies the School that he/she will not be returning, the date of withdraw shall be earlier of the date of expiration of the leave of absence or the date the student notifies the institution that he/she will not be returning to the School.

For students who enroll & begin classes, the following schedule is used:

Percentage Time to Total of Payment Period	Amount Of Tuition Owed to School
0.01% to 4.99%	20%
5% to 9.99%	30%
10% to 14.99%	40%
15% to 24.99%	45%
25% to 49.99%	70%
50% and Over	100%

Enrollment is defined as the time elapsed between the starting date and the date of the student's last day of physical attendance in the school. Refunds are calculated based on the student's last day of physical attendance. Students who terminate prior to course completion will be charged a \$150.00 Drop Fee.

Any monies due the applicant or student will be refunded within 45-days of formal cancellation by the student or formal termination by the school, whether an official or unofficial withdraw. The School will make refunds within 45-calendar days of the date the student officially withdraws, or the date the School determines that the student has officially withdrawn. Refunds will be returned in the following order: 1. Federal Pell Grant Program, 2. Other Title IV Programs, 3. Other Federal, State, Private or institutional assistance, 4. The Student. Refunds to Veterans will be made in compliance with Veterans Administration regulations. All monies must be paid before the student reaches 1,400 hours. The cost of the kit, books, supplies and additional fees is not included in tuition adjustment computations. Kit items, books & tablets become the property of the student when paid for in full and are non-refundable and non-returnable. Students who terminate prior to course completion will be charged up to a \$150 termination fee.

If the School permanently closes and is no longer offering instruction after a student has enrolled, and instruction has begun, the student will be entitled to a pro-rata refund of tuition or participate in a Teach-Out Agreement. If a course is cancelled subsequent to a student's enrollment, and before instruction has begun, the School shall, at its option provide a full refund of all monies paid or provide a completion of the course. If the School cancels a course and/or program and ceases to offer instruction after students have enrolled, and instruction has begun, the School shall at its option provide a pro-rata refund for all students transferring to another school based on the hours accepted by the receiving school, or provide completion of the course and/or program, or participate in a Teach-Out Agreement or provide a full refund of all monies paid.

Return to Title IV Refund Policy

Students who receive financial assistance from Title IV programs (Federal Pell Grant) and withdraw from school prior to completing more than 60% of the payment period are subject to the return of Title IV Funds requirements of the U.S. Department of Education.

Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 30-days.

The return to Title IV Funds procedure is as follows:

1. Determine the percentage of the payment period the student completed. To determine the percentage, the number of clock hours the student was scheduled to complete up to and including the student's last date of attendance in the payment period, is divided by the number of hours in the payment period. Do not count excused absences as completed hours.

$$\frac{\text{Number of clock hours the student was scheduled to complete in the payment period}}{\text{Total number of clock hours in the payment period}}$$

If this percentage is greater than 60%, 100% of his or her aid is earned. If 100% is not earned, continue below to complete the R2T4 calculation.

2. Determine the amount of aid earned by the student. The amount of aid the student earned for the payment period is determined by multiplying the percentage derived from Step 1 above, by the total amount of Title IV aid that was or could have been disbursed as of the student's last date of attendance.

3. Compare the amount earned to the amount disbursed. If less aid was disbursed than was earned, the student may receive a post withdrawal disbursement for the difference. If more aid was received than was earned, the difference is refunded back to the Title IV programs.

4. The R2T4 calculation allocates responsibility for returning unearned aid between the School and the student. Students who receive living expenses would be responsible for payment of unearned aid. If the student's share of the unearned funds that must be returned are attributed to a Title IV Loan program, then repayment will still be based under the terms and conditions of the promissory note. If the student's share of the unearned funds that must be returned are attributed to a Title IV Grant program, the initial amount to be returned will be reduced by 50%.

5. Distribute the unearned aid back to the Title IV programs. Refunds less than \$25 will not be made to Title IV programs. Return Title IV funds by the school in the following order:

Unsubsidized Direct Loans

Subsidized Direct Loans

Direct PLUS Loans

Federal Pell Grants for which a return of Title IV funds is required

Iraq and Afghanistan Service Grant, for which a return of Title IV funds is required.

Please be advised that this is only the return on Title IV funds. Once the School determines that amount of Title IV aid that the school may retain, the School will then calculate the institutional/state/ accrediting agencies refund policy.
